

June 12, 2020

Dear family and friends,

I am happy to let everyone know that we have another infection-free week at St. Anne's Home — Thanks Be to God! We are very grateful to all of you for your continued cooperation, prayers and support!

It is almost unbelievable that it's the 12th of June already. Summer is here

and I hope you and rest of your family are enjoying the warmer days. Many of the Residents are taking advantage of this warm weather with daily strolls at the backyard and patios. They also spend a good amount of time in the sunshine around our serene Grotto area.

Soon enough, we will be celebrating Father's Day. This June brings special recognition to all special men in our lives: fathers, grandfathers, great grandfathers, brothers, uncles, priests, etc. The celebration of Father's Day will be different this year, but our intention of honoring these men remains the same. We will do our best to make them feel very special and celebrated. I also want to wish all of you who are fathers a blessed day.

We realized how these long months of separation can be difficult to both you and your loved ones. Please be assured that once we are given clearance to lift visiting restrictions by the Department of Public Health and the CDC, we will let you know.

Again, thank you for your understanding and patience. We do regard you all as our partners in making sure that our Home remains safe and infection-free.

Heartfelt thanks too for your generosity. This week, if anyone would like to help, we would appreciate receiving washcloths (white preferred but any color is good).

God bless you and may you all remain healthy and safe.
